December 2005

"The distinguished 53-year-old Caravan Tours has scheduled virtually daily departures there throughout January, February and March for its escorted 10-day tour."

cost is \$99. [Find out more](#)

"And what a tour it is: Usually, travelers have to choose from among Costa Rica's beaches, volcanoes and rain forests. This tour goes to all those places and includes every major sight, as well as three meals a day on all but two days, and excellent hotels and lodges. The cost is a remarkable \$995 per person for everything other than airfare to the capital city of San Jose."

"Caravan's long record in its tour programs ... inspires confidence about this strong effort to establish a presence in Costa Rica."

January 2006

"I am still impressed that the large Caravan Tours has scheduled almost-daily departures from January through March of its escorted tour of the beaches, volcanoes and rain forests of Costa Rica. It's a sign of how firmly tourism has taken hold of that Central American republic, and a tribute to the appeal of unsullied nature, which Costa Rica represents. However, it's also because of the brilliant, affordable pricing of this tour by Caravan."

September 2007

"On my Sunday radio program, I've several times mentioned the attractive price of \$995 per person plus airfare for a 10-day, fully-escorted trip to Costa Rica offered throughout the year by the distinguished Chicago tour operator called Caravan Tours. The price includes all accommodations, all meals, and all motorcoach sightseeing and transportation...highly affordable vacations. "The Travel Show with Arthur Frommer"
